CALENDULAS

A. B. C. Improved Sensation

Has proved to be a real money maker for the florist.
Fritz Bahr states in The Florists' Exchange: "For the Winter and early Spring months, I don't know a better Catch Crop than Calendulas."
The principal value of A. B. C. Improved "Sensation" lies in the fact that it is much larger than any other calendula on the market and has a very distinct crimson or scarlet sheen which, with its orange base, provides a most outstanding and appreciable combination of coloring. Furthermore, the same is produced on unusually long stems.

Price of A. B. C. Improved Sensation Calendula, Bright Orange with Scarlet Sheen. Tr. Pkt., 50c; ¼ oz., \$1.00; ½ oz., \$1.75; 1 oz., \$3.00; 2 oz., \$5.00; 4 oz., \$9.00; 8 oz., \$16.00.

CALENDULAS (Continued)

"RADIO"

The color of Radio is a glowing orange, the petals are beautifully quilled, enhancing the beauty of the flowers, which are globular in shape and do not show the center until far advanced in age. Price per trade pkt., 50c; per oz., \$3.00.

CALENDULAS

General List

(All supplied in Geo. J. Ball's original packages.)
Ball's Orange. Large, deep, full petaled Ball Calendula; deep orange.

GIANT "SHOW" CYCLAMEN SEED

A word about price: In comparison with other high grade stocks, Fischer's Cyclamen Seed cannot be sold at so-called bargain prices simply from the fact that seed for our supply is selected only from specimen plants which are true to type and color. Nevertheless, quotations as mentioned in list herewith will be found to be reasonable for "the kind you should have for best results."

If your trade demands the very best Cyclamen that can be obtained, plant Ferd. Fischer's True Strain. **Special Note:** Because of the high quality of Ferd. Fischer's Cyclamen Seed other strains are now being offered under name of "Fischer." We therefore suggest care be taken to insure obtaining the true "Ferd. Fischer" strain. All Cyclamen seed supplied by us is contained in Ferd. Fischer's original packages. A. B. C.

Excellent for pots or cut flowers. Jamesoni, Mixed Hybrids, 100 seeds, 60c; 1,000 seeds, \$4.00.

GODETIA—Satin Flower

Tall, Double Azalea-Flowered Carmine (Double Schamini). We highly recommend the Schamini type, which might be called tall Azalea-flowered. Produced on long stems. A particularly useful variety is Carmine, being a pink with a very striking marking. Tr. Pkt., 25c; oz., 75c. Dwarf Double Azalea-Flowered Carmine. Can be described as a dwarf growing form of the tall, double Carmine, which has become so popular for a cut flower. This we recommend highly for pot culture. This plant is so floriferous that when it is in full bloom it is nothing but flower. It can be called an annual Azalea. Tr. Pkt., 25c; oz., 75c. Gloriosa, Blood-red. Tr. Pkt., 15c; oz., 50c. Rosamond, Shell-pink. Tr. Pkt., 15c; oz., 50c. Mixed, All colors. Tr. Pkt., 15c; oz., 50c.

GYPSOPHILA—Baby's Breath

Free blooming plants of easiest culture. Desirable for cutting to mix with other flowers. Elegans Grandiflora Alba, "Paris Market," an improved strain, 1/4 lb., 60c; lb., \$1.75; Tr. Pkt., 15c; oz., 25c.

LARKSPUR

Stocks Flowered Branching

Now practically indispensable to the florist trade either as regards production for wholesale market or your own retail outlet. (Particularly recommended to plant when rains are through or later. Sow now in pots or open ground.) California growers have the past few years been vying with each other in the introduction of up-to-date cut flower shades, the following are particularly recommended:

DOUBLE PETUNIA

Rosy Morn

This beautiful small flowered double pink petunia has come into the greatest favor. However, since seed produces only a nominal number of double flowers, it is well to sow early and take cuttings from the true double. The single flowers are invariably equal to high class Rosy Morn, consequently the crop is all available. Pkt., \$1.00; 6 Pkts., \$5.00. Plants from 2 1/4 inch pots, per 100, \$7.00.

UNSOLICITED TESTIMONIALS FROM SOME OF OUR CUSTOMERS

American Bulb Co., Galion, Ohio,
Gentlemen: June 26, 1929.

Our petunias this season, Ruffled and Theodosia," from your seed, were a sight to see—consequence, could have easily sold as many more.

(Signed) Yours,

C. H. HELFRICH.

American Bulb Co., Chicago, Ill.,
Dear Sirs: May 24, 1928.

Your petunias are certainly a knockout, especially "Theodosia." We had over three thousand petunias all from A. B. C. seed, and at this date, May 24th, we have not a single one left for Memorial Day. The retail price these petunias are bringing is 35c from 4-inch pots, which beats geraniums to a standstill. Petunia seed from A. B. C. for me always.

(Signed) Yours truly,

JOHN HAUPRICHT,

Station C, R. 3, Box 268, Toledo, Ohio,
Scipio, Ind.,
June 17, 1930.

The "Theodosia" Petunia is par excellence, the best in size, the finest in color, the prettiest in form, grows in pot or bed, not too large in growth nor small in size. Just right. Will please the most fastidious.

(Signed) W. L. WILSON.

NOTE: We supply originator's true strain of "Theodosia." There is no substitute for this exceptional variety.

PETUNIA "FLORETTA"

A. B. C. Introduction

Color beautiful steel blue, veined black, flowers handsomely ruffled. Originator's strain.
Price: 500 seeds, \$1.00; 1000 seeds, \$1.75.

PETUNIAS (Continued)

NEW BALCONY PETUNIA

"Star of California"

Illustrated on front page. The flowers are velvety violet with a touch of crimson, starred with five pure white blotches. The flowers are quite large and the effect in window boxes or hanging baskets is dazzling.

Price: Trade Pkt., 50c; 1/2 oz., \$1.50; 1/4 oz., \$2.50.

"WHITE CLOUD"

Single Flowered

Along with the tall and hanging Petunias, which are indispensable for window boxes and balcony decoration, the Dwarf Petunias are gaining the favor of the public more and more, since they are eminently suited for pot plants and bedding purposes and produces fine, compact bushes only 12 inches high, richly covered with pure white blooms 3 to 3 1/2 inches in diameter. This new variety "White Cloud," works with strong and brilliant effect singly in pots and especially when bedded out. It is reproduced true from seed. Per Pkt., 50c; 3 for \$1.25.

Words of Critical Growers Regarding Jennie Schneider

Henry Smith Floral Co., Grand Rapids, Mich., says of the Jennie Schneider:

"Jennie Schneider an Early Bloomer"

"Wish you could see a bunch of Jennie Schneider now in bloom. It is surely a sight. Color, stem and flower of this are all that could be desired. It is also an early flowering variety."

Pierre Schneider's information with regard to producing "Winter-flowering Snapdragons" should be in the hands of every Snapdragon grower. Supplied free to customers when asked for.

AMERICAN GROWN DOUBLE STOCKS FOR CUT FLOWERS

A. B. C. Special Florists' Strains
 One of Our Principal Specialties

Our grower received five "Awards of Merit" and two "Highly Commended" at the "Trial of Stocks" conducted by The Royal Horticultural Society of Great Britain, at Wisley, England, 60% to 80% of large flowering double blooms are usually produced from these wonderful American strains. We recommend "Improved Bismarck" as most outstanding for cut flowers.

IMPROVED BISMARCK (Early Giant Imperial)

An especially meritorious class. These stocks are giant, growing from twenty-four to thirty inches tall, of branching habit, producing innumerable large spikes measuring twelve to sixteen inches long, coming into bloom in about twelve weeks after seedlings are planted.

White; Chamais; Blood Red; Blush, Apple Blossom; Canary Yellow (Golden Bell); Dark Blue, Fiery Blood Red, Fine; Lavender, Extra; Rose, Deep rose-pink. Price of all of above: Tr. Pkt., 25c; 1/4 oz., 50c; 1/2 oz., \$1.00; 1 oz., \$1.75; 1 oz., \$3.00; 2 oz., \$5.50.

IMPROVED BISMARCK MIXED

Tr. Pkt., 35c; 1/4 oz., 35c; 1/2 oz., 60c; 1 oz., \$1.15; 1 oz., \$2.25; 2 oz., \$4.00.

STOCK IMPROVED BISMARCK "Golden Rose"

A rich light rose enhanced by a pleasing golden effect in the center of each individual floret. Very large double flowers on long stems. A wonderful cut flower. Trade Pkt., 50c; per oz., \$6.00.

STOCK IMPROVED BISMARCK "Old Rose"

A very beautiful shade of old rose—this color has been lacking in the Bismarck group. It is very double and has very large individual florets. Pkt., 50c; per oz., \$6.00.

STOCK IMPROVED BISMARCK "Eik's Pride"

Eik's Pride is a new shade in the Early Giant Imperial group, being an intense royal purple of vigorous growth, attaining a height of twenty-four to thirty inches. It is very early blooming, the florets are quite large and sweetly scented. The strain is very double. Pkt., 50c; per oz., \$6.00.

MAMMOTH BEAUTY OF NICE STOCKS

Particularly desirable because of their long stems and branching habit. Canary Yellow, Carmine Rose, Crimson, Deep Blue, Flesh Pink, Old Rose, Rosy Lilac, White, Lavender. Price of all of above: Tr. Pkt., 25c; 1/4 oz., 40c; 1/2 oz., 75c; 1 oz., \$1.25; 1 oz., \$2.50; 2 oz., \$4.50.

BEAUTY OF NICE MIXED

1/8 oz., 35c; 1/4 oz., 60c; 1/2 oz., \$1.10; 1 oz., \$2.00; 2 oz., \$3.75.

EARLY LARGE-FLOWERING WINTER STOCK "ZEPHYR"

This Stock stands out from all other known sorts on account of its especially charming delicate lavender blue coloring. In its habit Stock Zephyr resembles the favorite Beauty of Nice; it grows to a height of 24 to 28 inches, forms a fine long middle spike of bloom and numerous good side-shoots; it is eminently suited for cutting purposes. Tr. Pkt., 35c.

GIANT PERFECTION (Perpetual Branching) "Cut-and-Come-Again"

A fine group for florists; very early and free blooming. Blood Red; Flesh; Pale Blue; Pale Blush; Heatham Beauty, Rose, shaded Terra Cotta; Rose; Snowdrift (New), Early, pure white; Princess Alice, White (Cut-and-come-again). Price of all of above: Tr. Pkt., 25c; 1/4 oz., 40c; 1/2 oz., 75c; 1 oz., \$1.25; 1 oz., \$2.50; 2 oz., \$4.50.

"Sweet Wivelsfield"
The New Race of Annuals
That Is Much Thought
of by the Trade

SWEET WIVELSFIELD
The New Annual for Cut Flowers and
Pot Plants that Has Taken the
Trade by Storm

An entirely distinct and novel hardy Dianthus. This new race resulted from a cross between Dianthus Allwoodii and Sweet William (D. barbatus) made seven years ago.

Individual blossoms are nearly three times as large as those of Sweet Williams and are borne in loose cymes. The colors come in hundreds of various shades including rich reds and purples with black facings, whites and pinks with flakes and many other colors with innumerable markings.

Sow in heat from late January to mid-March for early flowering.

Transplant into boxes, grow in cold frames, and finally transplant in their flowering quarters in April or early May.

These plants will begin flowering in June and continue until November, especially if the old flowers are cut and seed pods are not allowed to form.

Sowing in the Open

Seeds can be sown in April in the open for late summer flowering.

Excerpt from the Florists' Review, issue October 2nd, 1930.—By A. M. Herr, renowned florist grower of Lancaster, Pa.

SWEET WIVELSFIELD

"A query as to the merits of Sweet Wivelsfield from one who had three plants, prompts me to tell my experience with this novelty. In my humble opinion, it is one of the finest acquisitions of the past few years.

"More than 2,000 plants in the open field, with the most unfavorable summer for growing that we have had for years, have been one continuous mass of bloom all summer; the range of color would delight the heart of any gardener. Because of dry weather and no means of watering, the stems were a bit short, but in an ordinary season I think they would measure up to requirements to meet anyone's taste. The plants came from seed sown in late January, grown into 3-inch pot plants and then planted out the last of April.

"After we know this novelty a little better, I think it is going to make a splendid pot plant for the holidays, especially for Mothers' day. I might add that it seems to love the full sunlight, as a few planted in a partial shady spot did not give the results those out in open did.

"Its bid for favor is that it blooms continuously from the day it is planted out until frost catches it and, unless I am much mistaken, it is going to meet popular favor among all who have gardens; it possibly will meet favor as a pot plant, if grown on into a 5-inch or 6-inch pot. The few 4-inch ones I had last spring were fine enough for anyone."

Albert M. Herr.

Price: Trade Pkt., \$1.00; 6 Pkts., \$5.00; 15 Pkts. for \$10.00.

(Ideal as a pot plant for Mothers' day sales. For blooming at this time, sow seed in November—December.)

VERBENA VENOSA

Produced from seed (but must be sown early in the year). Provides a most outstanding bedding plant, especially when bordered with Dwarf Sweet Alyssum (sow early). Pkt., 30c; oz., \$1.50.

VERBENAS
of the Better Kinds
Supplied in Plants Only
as Noted Below

PLEASE NOTE!

The following exceptional varieties of large flowering Verbenas can only be supplied in plants.

The large flowering, free blooming verbenas (especially Beauty of Oxford cerise red) are now indispensable to the florist doing a retail business.

Note: The following varieties, with possible exception of Grandiflora Royale, do not come true from seed, consequently are supplied in plants only.

Bodger's True Strain
DAHLIA FLOWERED
ZINNIAS

DAHLIA FLOWERED VARIETIES

- Buttercup. An immense, deep, creamy yellow. A very desirable flower.
 - Canary Bird. A delicate shade of primrose—very large and holds its color well until out of bloom.
 - Crimson Monarch. By far the largest and best of red shades.
 - Dream. A fine, deep lavender, turning to purple (Mallow Purple); a new, desirable shade in Zinnias.
 - Exquisite. Color, light rose with center a deep rose. (Tyrian Rose.)
 - Giant Attraction. A distinct shade of brick red (Spectrum Red), which carries its color well from the bud, and forms into an immense ball of color when in full bloom.
 - Golden State. A very rich orange-yellow (Cadmium). Yellow in the bud, turning to an attractive orange when in full bloom.
 - Illumination. Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose.)
 - Meteor. A rich, glowing deep red (Spinal Red) and the darkest of all the red shades. Fine form, with good depths of petals. Very large.
 - Old Rose. This is adequately described by its name, as it is of the real old rose shade.
 - Oriole. An immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.
 - Polar Bear. A very large, pure white, the best white yet seen in Zinnias.
 - Scarlet Flame. A large, beautiful, bright scarlet, with a beautiful blending of orange throughout the petal. This is not a bicolor.
- Price of each of above: Extra Size Trade Packet, 35c; 1/4 oz., 60c; per oz., \$2.00.
Special Offer. One extra size Trade Packet, each of any seven varieties selected from list above for \$2.00.
Special Mixture. A well-blended mixture containing the named varieties. Price: Trade Packet, 25c; per oz., \$1.50.

ZINNIA ELEGANS—"Lilliput"

Giant Mammoth Zinnia
"EXCHANTRESS"

This is the same pleasing color as Exquisite in the Dahlia Flowered type and is undoubtedly the most popular of all Zinnias today. This variety and "Cerise Queen" listed below, are worthy companions to "Miss Willmott" for cut flowers as well as garden show. Price per Pkt., 25c; 1 oz., \$1.00.

Giant Mammoth Zinnia
"CERISE QUEEN"

Another new color we have added which should be in all collections. It is very bright and very striking. Price per Pkt., 25c; 1 oz., \$1.00.

Zinnia Pumila Picotee
"DELIGHT"

The Season's Novelty in Zinnias

For several years the pleasing shade of salmon-rose in the Dwarf Double Pumila type of Zinnia has been a favorite among florists for basket work and general cut flower use. Realizing that a variation in this type would be acceptable, Bodger's, the famous Zinnia specialists, crossed it with tall picotee and have now succeeded in perfecting a new type, which we prophesy will be of incalculable value to florists.

"Delight" can be classed as a Pumila type, very floriferous and of compact growth. The petals of the flowers are ruffled and curled, giving a light and dainty effect. In addition, each petal is beautifully picoteed, making it a most striking flower.

The assortment of colors is most suitable for florists. It includes salmon shades, cream, buff, biscuit, golden yellow, lavender, in fact a collection of colors that are most acceptable for florists' use. We highly recommend it for all who wish something of merit for the fancy florist trade. Price: Trade Pkt., 25c; per oz., \$3.00; per 1/4 lb., \$10.00.

"MISS WILLMOTT"

This is a mutation from the Dahlia Flowered and is of the imbricated type. When in full bloom, it has a flattened appearance. The flowers when young are very graceful and are used for florists' work. When in full bloom they become show flowers of enormous size. One of the colors lacking in this type was a good, soft, salmon-pink. Our grower has been successful the past season in perfecting this shade and we take pleasure in offering Miss Willmott as the most delicate of soft, salmon-pinks. Unquestionably, it is a great acquisition to this collection of Zinnias. Do not forget to include this variety in your collection for the coming season. Price per Pkt., 25c; 1/4 oz., 75c; 1 oz., \$1.50.

Spiraea Clumps for Forcing

Spiraeas, previous to the U. S. embargo, were in great favor with the trade, after which, because of the difficulty in obtaining satisfactory quality roots, these desirable plants lost their vogue to a large extent. Now, however, roots equal, if not superior, to stock formerly imported are obtainable, and at a price that is bound to bring back this old favorite to popular demand. Spiraeas provide a very satisfactory blooming plant at very low cost, especially for Easter and Mothers' Day sales.

**Hardy Double-Flowered
GYPSOPHILA EHRLEI**

STRONG GRAFTED PLANTS

Provides Exceptional Dried Flowers for Winter Cut Flower Work

(Delivery Spring, 1931)

GYPSOPHILA EHRLEI surpasses any that has ever been introduced. It is a distinct, new form, early, pure white, double flowering and not a variety of paniculata fl. pl. An additional feature of this novelty is that its flowers are produced before paniculata begins to bloom. After the main crop has been cut, flower spikes make their appearance until frost. It is far superior to Gypsophila pan. fl. pl. because of the enormous size of its pure white flowers. Flowers were cut as late as November 15th.

GYPSOPHILA EHRLEI will grow in any sunny position if location is not too wet. Lime in any form adds greatly to the vigor of the plant. This plant is a strong grower, so give plenty of room—should be planted three feet apart in three to four feet rows. Plants on their own roots do not grow well and produce no roots, while the grafted plants produce good strong roots and healthier plants.

PRICES: 5 to 25 plants, each 35c; 25 to 100 plants, \$25.00 per 100; 250 to 1,000 plants, \$200.00 per 1,000.

**PHILODENDRON
CORDATUM**

This climbing genus has been grown in botanical gardens for the past twenty years and of recent years has been taken up by the florists' trade in a large way, since this plant adapts itself unusually well to the unnatural conditions of the average home better than most any other plant. A very large demand has ensued from the public. It is particularly suitable for sun parlor decoration, but does equally well in any part of the house, even in comparatively dark situations. Can be grown successfully in pots or hanging baskets, but seems particularly "happy" in wall pockets. Florists have found an unusually large demand for this valuable trailing vine and it can be merchandised with the assurance of giving utmost satisfaction with a minimum of care, when grown in pots and placed on brackets or shelves in the show window. It furnishes a beautiful "green atmosphere" and attracts no little attention. Try out this valuable plant in a merchandising way; we are sure you will follow with a repeat order in a short time.

Prices: 2 1/2-in., \$25.00 per 100; 3-in., \$35.00 per 100; 4-in. (3 to a pot), \$75.00 per 100, F. O. B. shipment Mo.

NOTE: We do not supply a smaller number of plants than 25. However, this unit may be made up of the various sizes listed herein.

FLORISTS' FORCING ROSES

CLIMBING OR TRAILING VARIETIES
(Continued)

Roses forced in pots for Easter and other spring holidays have increased greatly in number in the past few years. No plants are more attractive. Through contract arrangements with specialist growers we are in position to supply strong two-year-old budded stocks of the highest quality and in the most up-to-date varieties at market price.

BABY ROSES

Ideal. Color intense lustrous garnet; the flowers are produced in very large trusses and are very effective.

Baby Rambler (Mme. Levvasseur). Crimson.

Baby Tausendschon. Pink, white shading.

Baby Orleans. Geranium-red.

Baby Erna Teschendorf. Rosy-pink.

Baby Ellen Poulson. Cherry-pink.

Edith Cavell. Deep bright red.

Gnrley. Strong growing, deep red.

Magnifique (New). Bright pink, slightly fringed. Good forcer.

Susanne Miller. Brightest red.

Triomphe de Orleans. Cherry-red.

CLIMBING OR TRAILING VARIETIES

Eugene Jacquet. A vigorous growing Rose, producing large clusters of fragrant cherry-red flowers. We predict that Eugene Jacquet will be more freely grown for Easter forcing than any of the other sorts usually produced for this purpose.

Roserie. Sport from Tausendschon. Like a standard Tausendschon in habit with very charming pink or carmine flowers. An American introduction worthy of much attention. A favorite florists' forcing variety.

Tausendschon. The buds are cherry-pink, opening to very double flowers of softer shades that eventually fade to white.

Dorothy Perkins. Clear cherry-pink, slightly fragrant flowers, borne in great profusion and lasting for a long time.

Excelsa, H. W. (Walsh, 1908). An intense crimson, with the edges of the petals a little lighter, produced in immense clusters.

Crimson Rambler. Great masses of crimson, semi-double flowers are borne by the vigorous plants.

Paul's Scarlet. The brightest and purest red of all pillar roses.

Marie Gonchalt (New). Deep pink.
